Catalogue Campaign for JioMart

**PRESENTED BY**  
Priyanshi Sharma

# INTRODUCTION

JioMart is an Indian online grocery and e-commerce platform launched by Reliance Retail. It offers a wide range of products including groceries, daily essentials, household items, and personal care products at affordable prices.

JioMart focuses on providing convenience to customers by enabling easy online ordering, competitive pricing, and doorstep delivery. With its strong supply chain and wide reach across urban and semi-urban areas, JioMart has become a popular choice for everyday shopping needs.

The platform combines technology and retail to deliver a smooth shopping experience, making it suitable for performance-driven digital advertising campaigns like Meta catalogue ads.

# JioMart

# Campaign Overview

This project focuses on setting up a Meta Ads campaign for JioMart using a product catalogue as the main ad format. The campaign is designed to drive online purchases of daily essentials by leveraging Meta's Advantage+ AI features such as automated placements, broad targeting, and conversion optimization.

# CAMPAIGN OBJECTIVE

## Why Sales Objective?

The Sales objective is selected because JioMart's primary business goal is to increase online grocery purchases. Since JioMart already has an established brand presence, the focus is on driving conversions rather than awareness or engagement.

Using catalogue sales allows Meta to dynamically promote relevant products to users based on their behavior and interests, which increases the chances of purchase and improves overall campaign efficiency.

# PERFORMANCE GOAL, BUDGET & SCHEDULE

## Performance Goal

Maximize Number of Conversions (Purchase)

This performance goal ensures that Meta optimizes the campaign delivery toward users who are most likely to complete a purchase on the website.

## Budget & Schedule

- Daily Budget: ₹3,000
- Campaign Duration: Feb 6, 2026 – Feb 28, 2026

## Justification

A daily budget of ₹3,000 is suitable for testing catalogue performance while allowing Meta's algorithm enough data to optimize conversions efficiently over time.

# TARGET LOCATION, AUDIENCE, AGE & GENDER

## Location Targeting

India – Major Cities

- Delhi
- Mumbai
- Bengaluru
- Tamil Nadu region

These locations are selected due to high internet penetration, strong e-commerce adoption, and better delivery infrastructure.

## Audience Setup (Advantage+ On)

- Broad audience
- No detailed interest restrictions
- Meta AI expands reach when likely to improve performance

## Age & Gender

- Age: 18–65+
- Gender: All

## Justification

JioMart serves daily household needs used by people of all genders and age groups, making broad targeting ideal for maximum reach and conversions.

# PLACEMENTS (ADVANTAGE+ AI)

## Placement Strategy

Advantage+ Automatic Placements

Ads are shown across:

- Facebook Feed
- Instagram Feed
- Instagram Stories
- Reels
- Audience Network
- Messenger

## Why Advantage+ Placements?

Advantage+ placements allow Meta's AI to automatically show ads where users are most likely to respond, helping reduce cost per conversion and improve campaign performance.
